Introduction

This plan sets out the school's approach to promoting equality in our policies and procedures. The policy is reviewed annually and the objectives are reviewed every three years in consultation with pupils, parents, staff and governors.

Greenvale Primary School aims to meet its obligations under the Public Sector Equality Duty (PSED) by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it.

Our Ethos

Our school visions and aims are based around our 6 Core Values which underpin all that we do within Greenvale: **Respect, Readiness, Resourcefulness, Responsibility, Resilience, Reflectiveness**

It is our vision to ensure children are equipped with all the necessary skills, knowledge and attributes which enable them to fulfil their potential and live happy and successful lives.

Legislation & Guidance

This document meets the requirements under the following legislation:

- [The Equality Act 2010](#), which introduced the Public Sector Equality Duty and protects people from discrimination. The Act makes it unlawful for the responsible body of a school to discriminate against, harass, or victimise a pupil or potential pupils:
 - In relation to admissions
 - In the way it provides education for pupils
 - By the way it provides pupils access to any benefit, facility or service
 - By excluding a pupil or subjecting them to any other detriment
- [The Equality Act 2010 \(Specific Duties\) Regulations 2011](#), which require schools to publish information to demonstrate how they are complying with the Public Sector Equality Duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: [The Equality Act 2010 and schools](#).

Aims

At Greenvale Primary School, we are committed to ensuring equality of education and opportunity for all pupils, staff, parents and carers, irrespective of race, gender, disability, faith or religion or socio-economic background. We aim to develop a culture of inclusion and diversity in which all those connected to the school feel proud of their identity and able to participate fully in school life.

The achievement of pupils will be monitored by race, gender and disability and we will use this data to support pupils, raise standards and ensure inclusive teaching. We will tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and creating an environment which champions respect for all.

We believe that diversity is a strength, which should be respected and celebrated by all those who learn.

The school operates equality of opportunity in its day to day practice in the following ways;

Teaching & Learning

We aim to provide all our pupils with the opportunity to succeed, and to reach the highest level of personal achievement. To do this, we will:

- Use contextual data to improve the ways in which we provide support to individuals and groups of pupils
- Monitor achievement data by ethnicity, gender and disability and action any gaps
- Take account of the achievement of all pupils when planning for future learning and setting challenging targets
- Ensure equality of access for all pupils and prepare them for life in a diverse society
- Use materials that reflect the diversity of the school, population and local community in terms of race, gender and disability, without stereotyping
- Promote attitudes and values that will challenge racist and other discriminatory behaviour or prejudice
- Provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures
- Seek to involve all parents in supporting their child's education
- Encouraging classroom and staffroom discussion of equality issues which reflect on social stereotypes, expectations and the impact on learning
- Including teaching and classroom-based approaches appropriate for the whole school population, which are inclusive and reflective of our pupils

Admissions and Exclusions

Our admissions arrangements are fair and transparent, and do not discriminate on race, gender, disability or socio-economic factors. Admissions to the school are coordinated by the Local Authority admissions team.

Suspensions and Exclusions will always be based on the school's Behaviour for Learning and Suspension and Exclusion Policies. We will closely monitor suspensions and exclusions to avoid any potential adverse impact and ensure any discrepancies are identified and dealt with.

Equal Opportunities for Staff

We are committed to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment.

We need to ensure that we eliminate discrimination and harassment in our employment practice and actively promote equality across all groups within our workforce.

All protected characteristics are considered when appointing staff or re-evaluating staff structures, to ensure decisions are free of discrimination.

Actions to ensure this commitment is met include:

- Monitoring recruitment and retention including bullying and harassment of staff
- Continued professional development opportunities for all staff
- Senior Leadership Team support to ensure equality of opportunity for all

Eliminating Discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

- Staff and governors are reminded of their responsibilities under the Equality Act, for example during staff meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.
- Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.
- New staff receive training on the Equality Act as part of their induction and all staff receive refresher training every September.
- The Headteacher and Deputy Headteacher are responsible for monitoring equality issues and will liaise with governors as appropriate.
- Continued professional development for all staff.

Roles and Responsibilities

The governing board will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout the school, including to staff, pupils and parents
- Ensure that the published equality information is updated at least every year, and that the objectives are reviewed and updated at least every 3 years
- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the headteacher
- Ensure that the school's policy and its procedures and strategies are carried out and monitored with appropriate impact assessments informing future plans;
- Follow the LA's admissions policy, which is fair and equitable in its treatment of all groups;
- Monitor attendance and take appropriate action where necessary;
- Have equal opportunities in staff recruitment and professional development and membership of the Governing Body;
- Be involved in dealing with serious breaches of the policy;
- Be pro-active in recruiting high-quality applicants from under-represented groups.

It is the Headteacher's responsibility to:

- implement the policy and its strategies and procedures;
- ensure that all staff receive appropriate and relevant continuous professional development;
- actively challenge and take appropriate action in any cases of discriminatory practice;
- deal with any reported incidents of harassment or bullying in line with LA guidance;
- ensure that all visitors and contractors are aware of, and comply with, the school's equality and diversity policy;

It is the responsibility of all staff to:

- be vigilant in all areas of the school for any type of harassment and bullying;
- deal effectively with all incidents from overt name-calling to the more subtle forms of victimisation caused by perceived differences;
- identify and challenge bias and stereotyping within the curriculum and in the school's culture;
- promote equality and good relations and not discriminate on grounds of race, gender, religion, age and sexual orientation;
- promote an inclusive curriculum and whole school ethos which reflects our diverse society;
- keep up to date with equality legislation, development and issues by attending relevant training and accessing information from appropriate sources.

Advancing Equality of Opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people who are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data showing how pupils from disadvantaged backgrounds are performing.
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information.

Identify issues associated with particular protected characteristics, which could affect our own pupils

Fostering Good Relations

- The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:
- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures.
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute.
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community.
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures.
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

Equality Considerations in Decision-Making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

These considerations are recorded at the same time as the risk assessment when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored electronically with the completed risk assessment.

Involvement and Consultation

It is a requirement that the development of this plan and the actions within it have been informed by the input of staff, pupils and parents and carers. We have achieved this by using the following to shape the policy:

- Feedback from parent questionnaires and parents' evening
- Input from staff surveys or through staff meetings / INSET
- Feedback from the school council, PSHE lessons, Talking Point assemblies, class assemblies, whole school surveys on children's attitudes to self and school

- Issues raised in annual reviews or reviews of progress on Individual Education Plans/Personalised Provision Maps, mentoring and support
- Feedback at Governing body meetings

Continue to improve accessibility across the school for pupils, staff and visitors with disabilities	Greenvale is a small Primary school with a limited site area which can lead to challenges in ensuring that all areas are accessible and appropriate for disabled members of our school community	Continually assessing the site for the needs of our pupils	Headteacher			

Monitoring

It is the responsibility of the Governing Body to monitor the effectiveness of this Equality and Diversity Policy and together with the Headteacher, they will update the equality information we publish each year. The objectives in this document will be reviewed by the Headteacher and Governing Body at least every 3 years.
