Spiritual, Moral, Social and Cultural Policy

Policy Date	September 2025
Signed by Headteacher	Mrs A Allnutt
Review Date	September 2027

Monitoring

The Headteacher will monitor the application of this policy and take appropriate steps to ensure that it is operating effectively.

The policy will be reviewed biannually to ensure its effective application.

Definitions

Spiritual Development

Pupil's spiritual development is shown by their:

- Beliefs; religious or otherwise, which inform their perspective on life.
- Interest in, and respect for different people's feelings and values.
- Sense of enjoyment and fascination in learning about themselves, others and the world around them including the intangible use of imagination and creativity in their learning.
- Willingness to reflect on their experiences

Moral Development

Pupil's moral development is shown by their:

- Ability to recognise the difference between right and wrong and their readiness to apply this understanding in their own lives.
- Understanding of the consequences of their actions.
- Interest in investigating, and offering reasoned views about moral and ethical issues.

Social Development

Pupil's social development is shown by their:

- Use of a range of social skills in different contexts including working and socialising with pupils from different religious, ethnic and socio-economic backgrounds.
- Willingness to participate in a variety of social settings, cooperating well with others and being able to resolve conflicts effectively.
- Interest in, and understanding of, the way communities and societies function at a variety of levels.

Cultural Development

Pupil's cultural development is shown by their:

- Understanding and appreciation of the wide range of cultural influences that have shaped their own heritage.
- Willingness to participate in, and respond to, for example artistic, musical, sporting, mathematical, technological, scientific and cultural opportunities.
- Interest in exploring, understanding of, and respect for cultural diversity and the extent to which they understand, accept, respect and celebrate diversity, as shown by their attitudes towards different religious, ethnic and socio-economic groups in the local, national and global communities.

Aims

At Greenvale Primary School, the children and their learning are at the very heart of every decision made.

We aim to develop learners who are passionate, take ownership of their learning and are proud of their achievements.

The ethos of our school is such that all people who come into our school, whether staff, pupil, parent/carer, or visitor are valued as individuals in their own right. They should set, and be entitled to expect from others, a good standard of behaviour, marked by respect and responsibility. The school ethos is underpinned by the values that we use as the context for learning in PSHE. The school Values for Wellbeing are:

- Respect
- Readiness
- Resourcefulness
- Responsibility
- Resilience
- Reflectiveness

Please see appendix 3 for further details.

Our school has also been a part of the Dog Mentor Programme since 2016 and the building of positive relationships, experiences and growth mindset, through the dogs is deeply embedded throughout the school.

The school will help all children to develop an inner discipline and will encourage all pupils to not just 'follow the crowd', they will make up their own minds and be ready to accept responsibility for what they do. They will grow through making choices and holding to the choices they have made. The intention is that they will choose to be honest with themselves and others.

Planning

In planning lessons, teachers are aware of the need to plan opportunities to develop a wide variety of spiritual, moral, social and cultural needs.

A vast majority of planning will be delivered through cross-curricular activities, as well as specific PSHE (which includes Relationships and Sex Education as well as Mental Health and Wellbeing), RE and Circle Time activities.

Spiritual Development

Planned opportunities for spiritual development in all subjects can be seen across the school.

Children are given opportunities to reflect upon the meaning of spiritual experiences. Examples of experiences commonly regarded as spiritual include:

- Curiosity and mystery.
- Connection and belonging.
- Heightened self-awareness.
- Prayer and worship.
- Deep feelings of what is felt to be ultimately important.
- A sense of security, well-being, worth and purposefulness.

The school will develop a climate or ethos within which all pupils can grow and flourish, respect others and be respected, accommodating difference and respecting the integrity of individuals.

These can occur during any part of the school day, for example, when listening to music, discussing the care needed for animals, exercising empathy or creativity, how we live, contemplating the future etc.,

Our school develops pupil's spiritual development by: **See Appendix 1**

Moral Development

At school we believe that a morally aware pupil will develop a wide range of skills including the following:

- Distinguish right from wrong, based on knowledge of the moral codes of their own and other cultures.
- Develop an ability to think through the consequences of their own and others actions.
- Have an ability to make responsible and reasoned judgements.
- Ensure a commitment to personal values.
- Have respect for other's needs, interests, and feelings as well as their own.
- Develop a desire to explore their own, and others' views, and an understanding of the need to review and re-assess their values, codes and principles in light of experience.

Our school develops pupils' moral development by:

- Teachers always discuss with their classes, a code of conduct for the classroom based on the values held by the school.
- We teach the children to be aware of their own actions, take responsibility for their own bodies and encourage independence.

At school, we will help the children to identify their feelings and think these through so that they are expressed in behaviour that is socially acceptable. This is done through collective worship, relationship building with our Dog Mentors, circle time, social skills groups and PSHE sessions.

We are interested in the development of the whole child and will endeavour to raise their self-esteem through praise, rewards, certificates and other means that highlight both academic and social achievements. *Link to Behaviour Management Policy and Mental Health & Wellbeing Policy.*

Social Development

At school we recognise that pupils who are becoming socially aware are likely to be developing the ability to:

- Adjust to a range of social contexts by appropriate and sensitive behaviour.
- Relate well to other people's social skills and personal qualities.
- Work successfully as a member of a group or team.
- Share views and opinions with others.
- Resolve conflicts maturely and appropriately.
- Reflect on their own contribution to society.
- Show respect for people, living things, property and the environment.
- Exercise responsibility.
- Understand how societies function and are organised in structures such as the family and school.
- Understand the notion of interdependence in an increasingly complex society.

Our school develops pupil social development by:

Cultural Development

Children should be made aware of the diversity of other cultures both within modern Britain and throughout the world. This is achieved through music, PSHE, RE, art and many other curriculum areas.

Link to British Values Statement see Appendix 2

Pupils who are becoming culturally aware are likely to be developing some or all of the following characteristics:

- An ability to reflect on important questions or meaning and identity.
- An interest in exploring the relationship between humans and the environment.

Our school develops pupil cultural development by:

The Key Features of Spiritual, Moral, Social and Cultural Development

Activities that take place within school include:

- Breakfast and after school clubs.
- Assemblies
- Charity support
- Competitions
- Library
- Celebration of diversity
- Learning walks
- Themed days / weeks
- Educational visits
- School Council involvement (the pupil voice)
- The Dog Mentor Programme

The term "pupil voice" describes how pupils give their input into what happens within the school and classroom. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life.

Pupil voice permeates all levels of our work together, from pupils participating in small group classroom conversations to children establishing procedures, events and contributing to the overarching ethos of the school.

Promoting British Values

The Department of Education (DfE) have reinforced the need to 'create and enforce a clear and rigorous expectation on all schools to promote the fundamental British Values of democracy, the rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs'.

Appendix 2: British Values Statement

British Values at Greenvale Primary School

The Department of Education recently reinforced the need “to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs.”

The Government set out its definition of British values in the 2011 Prevent Strategy, and these values were reiterated in 2014.

At Greenvale we understand that our pupils come from a culturally diverse society. We aim to teach them how this relates to daily life, including being respectful towards others. These values and aims are reinforced regularly through our spiritual, moral and cultural education, which is at the heart of everything we do. We recognise that these values support the development of the 'whole' child and are promoted by all staff and reinforced regularly in the following ways:

Democracy

All children are treated fairly and have an equal right to express their views and be listened to. Our pupils have the opportunity to be heard through our school council and through pupil questionnaires. Children are involved in democratic processes e.g. voting for school councillors in a ballot which introduces the children to the principal of democratic elections.

The Rule of Law

We consistently reinforce our high expectations of our children. They are taught the value and reasons behind our expectations, that they are there to protect us, that everyone has a responsibility and that there are consequences when expectations are not followed.

Visits from authorities such as the police reinforce the message that we all have a responsibility to follow laws and that there are consequences when laws are broken.

Individual Liberty

Within school, children are actively encouraged to make choices, knowing that they are in a safe, secure environment. At Greenvale, we educate and provide boundaries for our children to make choices safely, through provision of a safe environment and empowering education. Children are encouraged to know, understand and exercise their rights and personal freedoms. They are advised how to exercise these safely through our online safety policy and PSHE lessons.

Mutual Respect

Part of our school ethos and behaviour policy has revolved around our 'Values Based' education where values such as 'Respect' are taught and modelled. All staff help children to understand how to respect by talking about how actions and words can affect others. Children take part in discussions where they are expected to treat the opinions and views of others with respect, even if they differ from their own.

Tolerance of those of Different Faiths and Beliefs

Greenvale Primary School is a diverse school with a high percentage of the school coming from a country outside the UK. We actively promote diversity through our celebrations of different faiths and cultures. Religious Education lessons and PSHE lessons reinforce messages of tolerance and respect for others. Members of different faiths and religions are encouraged to share their knowledge to enhance learning within classes and the school and the children learn about and where possible visit, places of worship that are important to different faiths.

At Greenvale Primary School we will actively challenge pupils, staff or parents expressing opinions contrary to fundamental British Values, including 'extremist' views. We will also challenge racism and expect everyone within our community to respect British laws whilst supporting their own culture.
